Education

High School

Swastik Bal vikas Sec Sr school Panipat April 2021- March 2022

I have acquired a broad range of knowledge and skills across various subjects throughout my education. I have likely studied subjects such as mathematics, science, and possibly specialized subjects based on my chosen stream of study. These subjects have provided a strong foundation for further learning and career development.

I learn some skills in my school time

skills like;

Communication Skills - I demonstrated my skill through presentations, group discussions, and written reports during academic projects.

Critical Thinking and Problem I Demonstrated critical thinking skills by analyzing complex problems and proposing practical solutions during academic projects or extracurricular activities

I made the 6 projects at my school time

Teamwork and Collaboration: - I Actively participated in group projects, demonstrating strong teamwork skills and the ability to collaborate with diverse team members to achieve desired outcomes. I achieve the 2nd position in a science project Exhibition

Education

college

panipat Institute of Engineering & Technology July2022- August 2025

Btech IT(Hons) Specialization in Cyber Security

In college, I learn lots of things that are related to our environment 'so first I will explore specialized subjects related to My field of study, such as advanced mathematics, physics, programming languages, circuit design, structural analysis, thermodynamics, or other subjects depending on your specialization. These courses will provide me with a deeper understanding of the fundamental principles and concepts in my chosen field. and all some skills that help me in the future point of the way

Skills Summary
